

FOCUSMUSIC

School Instrumental Programs

About Us

Focus Music is a specialist organisation dedicated to engaging children in music education as a means for cognitive, physical and emotional development.

This mission is further supported through our partnership with Act, Belong, Commit (Mentally Healthy WA).

Through this, Focus Music seeks to offer the highest quality music education to the Perth school community from tertiary-qualified instrumental teachers.

Our Programs

Focus Music delivers a range of programs to suit every school, student and parent.

- **Individual Instrumental Tuition**
- **Group Instrumental Tuition**
- **Band/Ensemble Classes**
- **Musical Theatre Classes**
- **Special Needs Program**

Meeting your needs & exceeding your expectations

Focus Music has 3 overarching considerations when implementing instrumental programs in a school setting.

1. Meeting the needs of the school
2. Meeting the needs of the parent
3. Meeting the needs of the student

Our aim is to work with your school to 'custom-design' an instrumental program that is most effective for the needs of the school, parents and students. This can include the implementation of individual lessons, group lessons, band programs, and specialist workshops.

Our Teachers

All Focus Music Teachers hold Working With Children Checks, hold qualifications in music, education or related fields, and have experience in working with children in a range of areas from mainstream primary and secondary schools, students with special needs and students 'at risk' and disengaged. Our experience will ensure a high quality of professional delivery and administration of your school's instrumental program.

Our Capabilities & Experience

Focus Music services over 250 students and their families on a weekly basis in the range of programs that we offer.

We currently support Mary's Mount Primary School, Christ the King School, Blue Gum Montessori School, and Westminster Education Support Centre in their music programs.

A One-Stop Provider

Focus Music's capabilities and experience ensures schools can confidently outsource their instrumental program:

- Online Scheduling
- Automated email reminders for upcoming lessons
- Flexible Payment Options
- Instruments including Piano, Guitar, Drums, Voice, Violin, and Trumpet
- Instrument Purchase
- Practice Journals and Welcome Packs for every student
- Knowledge and experience in teaching children with a disability
- Performance Opportunities
- Professional Staff
- Full Public Liability Insurance

Thoughtful Timetabling

Focus Music recommends a 30-minute lesson (either individual or group) once a week. We implement a **rotational timetable** whereby a student moves through 30-minute time slots throughout their lesson day to ensure they do not miss out on the same class time/subject.

Conclusion

On behalf of the Focus Music Team, I would like to thank you for supporting music education in WA schools.

I look forward to discussing our programs with you further, and highlighting how Focus Music can enrich the lives of your students through professional music education.

Sincerely,

Daryl Eagle.
